Frameless Glass Pool Fencing

Woodville Constructions offers a number of options for frameless glass pool fencing to suit your required project. All pool fencing meets and exceeds current building legislation. Frameless pool fencing is the ultimate fence to show off your pool as it is the least intrusive to the view of your pool. Clear toughened glass panels (min 12mm thick) can be installed in a range of options to suit your needs, whether on a deck, concrete, paved surrounds or into soil.

Some Design Options

1 – Spigot Supported (Deck / Paving)

2 – Channel Supported Grout or Groutless Systems (Deck / Paving)

3 – Concealed Channel Fixing Grout or Groutless Systems (Deck / Paving)
